Artist

My life full of art any time and I think, that I more than artist. I am artist.

I cannot said something about my art portfolio. I may show it only on page Portfolio. In addition, I have a story of my experience in this work. I study drawing in 5 years in first time. After it I change about 3 courses and end my study at 12 years.

I start do it for myself anytime than I can. I draw a lot in different places and really like it.

I draw mechanisms, people and nature. Also I draw sometimes things that I like. It may be cartoons or persons.

At the moment I have more than 10000 pictures by pencil, pen or marker. Around 1000 pictures by colors and 34 painting by oil color.

So I think distantly and definitely. That I cannot draw without interest and I cannot work for everyone. Only if I have interesting order I may do it.

Actor

I cannot said that I have experience in acting, but I want it so much. I play in life anytime; I always try live every day in new role. I really want it and my real plays were only in children garden and school.

What I mean for changing roles every day. You may know, what I have been interested in psychology and I collecting forms of personalities by my interest. For example: I talk with my friends sometime for different people, try to change and change my person from old grouchy man to pink glasses small girl. From boy in puberty period to feminist woman. From stutter professor to crazy psycho man. I really may change language, tone, emotions and talk. I like watch reactions and analyze them, sometimes they shocked because it is spontaneously, but every time they think that I am crazy person.

I really want to try doing it professionally, all my life I collecting different personalities and like do it more and more. I think that it has show you different sides of being yourself.

I think we have not real yourself. We have only place and action. We live in play and need to make it for be better. Nothing has full truth, so we can create our truth and live in it.

I really want to have experience like actor. Of course if I am interested in project and role. I cannot take everything, because my main task save humanity and make it better. I want to be a person who can help people. I
